KS2 Camp & Overnight Stay
2nd April 2009

Fortunately on this occasion there was no snow to deter our plans! The children came to school equipped for their day and night of new learning experiences, from setting up camp to collecting wood for the fire, learning first aid skills to navigating themselves by compass around the village, drawing sketches of their camp scene to putting into poetic verse their thoughts. There were songs around the camp fire after having enjoyed barbecue sausages and burgers and cups of hot chocolate and then time for bed! We're not sure how much sleep was had but we do know the church bell chimes regularly throughout the night! A great experience enjoyed by all.
