

Sports Day

27th June 2012

Having had to postpone Sports Day from 21st June, we were really pleased that the event could go ahead during the morning of 27th with dry weather. The KS2 pupils had worked in their house groups on preparing flags from China, Australia, Kenya and Canada to tie in with the Olympic theme and the event started with each house parading their flags proudly down the track for all to see.

The races then got underway, along with various field events and to ensure smooth running of the events we were ably assisted by some excellent students from Hayesbrook School. Everyone competed with supreme effort and good sportsmanship, all competitors should be very proud of their personal achievements.

As usual the houses competed against each other with points being awarded for the different events. Special thanks must go to our superb scorers, Mrs Olive West and Mr Sandy Scott who did a fantastic job as ever.

There was nervous excitement at the end of all the events as the results were awaited. The scores were very close but the winning captain who took top spot on the podium was from Pankhurst (blue). Congratulations to Pankhurst pupils but indeed every single pupil to took part.
