Olympian Visits
28th May & 13th June 2012

We have been lucky enough to be visited by two Olympians this term. Firstly, Wendy Smith, a paralympian medallist in wheelchair basketball Athens (2004), visited us and gave an inspirational talk to everyone on following your dreams. This was part of a project called `Be the Best You Can Be', which has been funded by the PTA, to inspire children to reach their goals and never give up.

Secondly, Mr Paul Anderson, OBE, visited the school to talk about when he took part in the 1968 Mexico Olympics and won a Bronze medal for Sailing. The children were also able to see the actual medal he received. Both visitors were extremely interesting and their visits were very much appreciated by the children.
