Sports Day - 17th June 2010

After having to postpone Sports Day due to inclement weather the previous week, we were lucky to have a dry and not too hot morning for our Sports Day Events.

The programme had been organised by the Year 6 pupils and involved long distance races, track events including flat races, mixed year relay and obstacle races involving sack racing, hockey ball dribbling, egg and spoon and skipping. There were other field events taking place that all pupils competed in for their houses; high jump, standing long jump, javelin and shot putt. These were adapted slightly for the different year groups.

There was tremendous spirit show by all competitors and great fun was had been all. Plenty of parents, grandparents and friends came to cheer the children on and the PTA kindly organised refreshments. Special thanks goes to students from two local secondary schools who came to assist brilliantly with the running of the events, The Hayesbrook School and Weald of Kent Grammar School.

When all the marks had been totalled the winners this year were Nightingale. Many congratulations to everyone who took part.
