

The Globe Trip!

On the 29th of March KS2 went on a school trip to the Globe Theatre. We went by train, it took us 40 minutes to get there it was a bumpy ride but we all loved it. We finally got to London Bridge, it then took us 10 minutes to walk to the theatre's museum. After time spent looking at the exhibits, we went to the river for half an hour finally we went to the food hall for lunch.

After lunch a lovely lady called Liana took us on a guided tour of the theatre itself. She took us outside and told us lots of information about the history of London. She picked Kendra and Michael to open the Globe theatre doors it was amazing she told us about the history of the Globe, Ellie told Liana that there are 6,000 wooden pegs used in the construction of the Globe theatre itself.

After that she took us to a rehearsal room to have a go at acting Romeo and Juliet. Tom was Juliet and Ellie was Romeo all the teachers and parents helping watched.

At the end we walked back to the train station we got back on the train and went home.
