KS2 Visit to Science Museum - 9th December 2009

All three KS2 classes travelled by train and then the underground to the Science Museum, London on Wednesday 9th December. During their time there they enjoyed a Science Show about Structures, spent time at the Launch Pad where lots of different interactive activities were set up and then were able to spend time in the areas of the museum about flight and space to tie in with our topic.

Here is a glimpse of what they did ...
